

CERTIFICATE

This is to certify that

VINCI Energies Deutschland
Building Solutions GmbH
Pôle VINCI Energies Deutschland Building Technologies

Colmarer Str. 11
60528 Frankfurt a. M.
Germany
with the organizational units/sites as listed in the annex

has implemented and maintains an **Energy Management System**.

Scope:

Construction, expansion, refurbishment, renovation, modernization, maintenance, repair and services for buildings and properties of all kinds, in particular those connected with the care, maintenance, operation, use and utilization of buildings and facilities and (residential) property management (technical, infrastructural, commercial facility management). As well as consulting, planning, project planning and execution of individual and turnkey projects in structural and civil engineering, concrete and reinforced concrete construction, cold and deep-freeze warehouse construction, industrial and commercial construction, production and installation of building shells for all types of structures, building services, fire protection, insulation technology installations, production and installation of industrial floors, underground car parks and special floors. Planning, production and assembly of clean rooms.

Through an audit, documented in a report, it was verified that the management system fulfills the requirements of the following standard:

ISO 50001 :2018

Certificate registration no.	436617 EMSt18
Date of revision	2021-08-22
Valid from	2019-11-01
Valid until	2022-10-31
Date of certification	2021-08-22

DQS GmbH

Markus Bleher
Managing Director

Accredited Body: DQS GmbH, August-Schanz-Straße 21, 60433 Frankfurt am Main, Germany
